

Remote Learning Offer at Blackrod Primary School

Blackrod Primary School aims to continue to provide a curriculum that meets the needs of all children.

Our staff have worked hard to develop a Remote Learning Offer that reflects our ethos and enables children to make progress during this lockdown period.

The offer is of high quality and aligns as closely as possible to the in school offer for our vulnerable and children of critical workers

The mental well-being of our families is paramount and so the outline below is a guide for parents.

Support for Children with Special Educational Needs

Support for children with SEND will remain in place, whether children are attending school or accessing remote learning.

We will endeavour to work closely with families to ensure an ambitious curriculum is delivered to all children with SEND, appropriate for the level of need.

If parents have any further questions regarding supporting their child with SEND, please do not hesitate to contact Vicky Wilson on Senco@blackrod.bolton.sch.uk

Children's Engagement with Learning

We will keep a daily register of attendance and contact you if we are concerned about your child's attendance or engagement during the sessions.

This will enable us to identify any barriers to learning and offer support if necessary.

Paper packs of learning activities are available on request.

Teams Live Lesson Etiquette for Children

Be on time for the lesson.

Have all your resources ready before the lesson starts.

Uniform is not necessary but please be washed and dressed for the day.

If possible, use a table/desk and chair for all classroom work, virtual or otherwise. Do not participate in virtual classes from bed.

Limit any distractions by removing toys, games and activities from your workspace. Turn off the music or the TV in the background, do not use your mobile phone during the lesson.

During the live lesson:

- When you are not speaking, your microphone should be on mute.
- The chat function is only for comments related to the learning, not chatting to your friends.
- Do not snack during the live lesson.
- Avoid shouting out answers and raise a hand to be called upon or use the 'raise hand' function in the Teams classroom.
- Respect everyone's opinion and be encouraging.
- If the teachers internet goes down, leave the session immediately
- You must not take screenshots or photographs of the session.
- You must not publish any part of the session onto any Social Media Platform.

After the live lesson:

- Complete the learning that has been set and send it to your class teacher via Teams or if this is not possible, via the class email.

Review of Remote Learning

We will be reviewing our remote learning offer on a weekly basis, so that we can adapt and improve ongoing practise.
