

BLACKROD PRIMARY SCHOOL

Project Reflections – Spring 1: Art

Collage: Milhazes

We explored Milhazes work and discussed what words we could use to describe her style. What we liked about her artwork and why.

We talked about how her artwork was different from other artists we have studied and what techniques she uses.

The children created their own Milhazes style piece using shapes and vibrant colours.

We moved onto the layering technique to make a collage. The children also used a ripping technique to add texture to their piece.

BLACKROD PRIMARY SCHOOL

Some examples of the bright collages the children have made.

The final masterpiece created by all of the Key Stage One children a Milhazes inspired 'Spring Love' flower. Amazing - I'm sure you'd agree!!
